SECRETARY WINDOM returned to the city

THE National Bank notes received for a demption to-day amounted to \$494,000. GOVERNMENT receipts to-day: Internal revenue, \$194,357.29; eustoms, \$498,115.02.

The clerks of the Post-Office Department received their half-month's salary this after-

The room of the chief clerk to the Post-master-General is being renovated and re-furnished.

John L. Hatter was to-day appointed storekeeper for the tenth district of Ohio, and Thomas Latham a gauger for the Dis-

trict of Arkansas. SECRETARY LINCOLN has not completed his plans for the summer. He will remain in this city most of the time, and may spend a few weeks in the West.

V. N. DOCKERY, of North Carolina, is here on his periodical hunt for the scalp of Marshal Bob Douglas. Robert's term does not expire for a year and a-half, and he seems to bob up screnely when the topic of a change is mentioned.

Among the President's callers to-day were Gen. J. M. Rusk, of Wis.; Mr. J. B. Brownlow, of Tenn.; Senator Plumb, Represensative Jadwin, Mr. C. W. Hoffman, Mr. John H. Kressler, of Bethlehem, Pa.; Ex-Commissioner of Patents Theakear, L. B. Prince, of New Hayen.

THE raid of office-scekers was made on Postmaster-General James to-day. His office and the adjoining ante-room was thronged with callers. The Postmaster-General returned last night and the rush to-day was in consequence of the announcement of his expected arrival in THE CRITIC vesterias. yesterday. He gave the office-seekers hearing, but made no promises.

Mr. DAVID PEARL, of New York city, was at the White House to-day and had a conference with the President in reference to affairs in that State. He also informed the President of the action of the New York Republican Central Club, which, at a recent meeting manimously sustained the policy of the President and indorsed the appointment of Judge Robertson as collector.

AN ABSURD ORDER,-The Postmaster General issued an order to-day which will cut off a fruitful source from which newspapers were wont to secure considerable in-formation. The privilege of allowing ac-cess to papers detailing the changes in the names and locations of post offices, and the removals and appointments of postmasters, is discontinued. The reason of this is that the railway mail service complains that by giving the news to the general press, it reaches the parties for which it is intended before they can be officially informed.

SECRETARY BLAINE AND THE NOSTRUM
FIENDS.—The reports affecting Mr. Blaine's
health have spread all over the country and
have resulted in something as amusing as
annoying. Every day the express and mails
bring boxes of pills, bottles of medicine, and
all the nostrums and cure-alls, it would seem. all the nostrums and cure-alls, it would seem, ever made in this country. Accompanying these is a note from the proprietor of the medicine to Mr. Blaine, promising to cure if the medicine is used, and only asking in return that Mr. Blaine write a note saying how much good the medicine has done him. He will soon be able to stock a drug store.

NEITHER A ROCK NOR THUMB SCREW.-There was a commotion in the corridor, on an insane man, attempted to kill Father which room 59, P.O. D., is situated. To-day a O'Rourke while the latter was celebrating party of laborers were moving a queer looking machine through the hall, which attracted attention, and as it was so close to the apartment where the star-route investigation is conducted, a suspicion arose that the machine was an instrument of torture to be used in compelling reluctant witnesses to squeal. All doubts vanished, however, when an inquisitive looker-on, bolder than the rest, asked what it was and learned that the mysterious article was a sentence of the compelling of the comp

GOVERNOR BOUTWELL'S VIEWS .- Ex-Gov. Boutwell is living a quiet and retired life in this city. He does not appear a day older than when he was Secretary of the Treasury. Any one who has seen his photo-the the matter progressing. Mrs. Lockwood?" asked The Chiric to-day, graph, taken at that time, would know him instantly. Although not now in public life, he takes a deep interest in the Republican party, and is watching with evident concern the turn affairs have taken. Gov. Boutwell thinks Grant one of the greatest men that ever lived, and that he will go down in history as such. He made this remark one day recently: "I have known Grant many years. I have been intimately connected with him, I never heard him utter a word or a sentence but what he could have spoken with perfect propriety anywhere." The ex-Governor, Representative, Senator, and Cabinet officer views the situation at Albany with concern for the effect it may have on the Republican never heard him utter a word or a senten for the effect it may have on the Republican party. Being a Grant man, he is a friend of Conkling's, and sides with him. It is said that Mr. Boutwell is writing a book. Its nature is not known, but from the fact that he has, at the request of personal friends and at private gatherings, given some personal reminiscenses in the life of Abraham Lincoln and other needs. Abraham Liucoln and other noted men, it is inferred that something of this may be the character of his book.

Wall Street Reports.

NEW YORK, June 14.—The Post's cial article (1:40 p. m., edition) says: Stock Exchange markets are more active than yesterday. U.S. bonds are a higher for the extended sixes, which have sold at 1032, and otherwise are unchanged. A plication for the extension of the coupon cents are steadily going forward Washington, and these competent to judge intelligently express the opinion that probably all will be extended, except perhaps,\$15,000,000 to \$20,000,000,which cannot be reached, and will be paid, principal and interest, in cash. State bonds are without important change. Railroad bonds while irregular are generally higher, the advance ranging from 1 to 3 per cent, the latter Union Pacific stuking fund 6's, which are up to 1031; the Rome, Watertown and Ogsdenburg firsts are up to 1071 from 106, on the prospect of funding back interest into income bonds and extending the principal of the bonds at five per cent. for years and 6 per cent. thereafter. stock market prices of the leading special-ties advanced until about noon, since which time a part of the rise has been lost. The early advance was 2½ per cent. in Iron Mountain, 2 per cent. in Missouri Facific, 17 in Texas boolest and pleasantest summer the country, and merits the extended it.
